

Great Grants and Initiatives

Grantor: Daniels Fund

Grantee or Initiative: Children's Hospital, The Imagine the Miracles Campaign

Amount: \$3 million **Period of Grant Award:** 10 years

The Children's Hospital received \$3 million gift from the Daniels Fund to The Imagine the Miracles Campaign, a fundraising campaign for the new hospital at the Fitzsimons campus and to support ongoing programs. Through this gift, Children's will establish the Bill Daniels Center for Children's Hearing, through which deaf and hard-of-hearing children in Colorado can receive comprehensive family-centered care. Bill Daniels' own hearing loss formed a strong catalyst for this gift from the Daniels Fund to Children's Hospital.

The Daniels Fund will provide \$2 million over 10 years to assist the Center in achieving its vision of ensuring that all deaf and hard-of-hearing children in Colorado have the opportunity to grow into healthy and dynamic citizens. Children's will expand audiology and otolaryngology services at the main hospital, in its Children's care centers throughout the Metro area and in other parts of Colorado so that parents will be able to find the services their children need within their neighborhoods. An additional \$1 million grant will be used to help build new facilities to house Children's hearing programs in the outpatient building of the new hospital.
