

## Generational Differences

Join us for a program on the not-so-subtle differences between various generations and how these trends might shape philanthropy. We've invited [Paul Taylor](#) of Washington's Pew Research Center to discuss his group's new work contrasting the Millennials with the Gen Xers, the Baby Boomers, and beyond.

So pull out your fountain pen or send us a last-minute text message and please let us know if you can join us. While you're at it, you might want to take Pew's short quiz to see "[How millennial are you?](#)"
